IN A DISCUSSION OF POLITICS.

John Adams Seriously If Not Fatally Wounded by a Tramp Known as

"Charlie." A serious cutting fight took place last evening about 6 o'clock, in the woods near the starch factory. John Adams, colored, was seriously if not fatally wounded by a white tramp known as "Charlie" who had been in the city only a day or two. The man who did the cutting escaped and Sheriff Burdge and the

police are now searching for him. The story told by Adams is a strange one. He says that he and two women, Annie Bailey a colored woman of bad reputation, and Carrie Hinkley a white woman, were out walking when they came upon three white men encamped in the woods. They opened up a conver-sation and Adams and "Charlie" proceeded to discuss the political situation. Adams argued for straight out Republicanism while the other man could only see good in the Populistic theory of the government. The men became warmed up and were soon calling each other

They then came to blows, and Adams struck the other man with his fist. He retaliated by plunging a knife into Adams' side. The man who did the cutting and his companions then ran. The two women took Adams down to the creek and attempted to stop the flow of blood, and the colored woman came to the Santa Fe depot and notified Officer Owens of the trouble.

Adams was brought to the police sta-tion and was attended by County Health Officer C. E. McClintock. The doctor found a severe wound about four inches below the left arm pit in the region of the heart, which punctured the thoracic artery, and another near the center of the back much less serious. Adams was removed to the hospital in North Topeka this morning. The bleeding had been stopped and it is thought he will

The police say that the wounded man came to Topeka in company with the white woman from Osage City about a week ago and have been hanging around in the eastern part of the city since then. The white woman has not been found. Annie Bailey is being held by the police to await developments.

SOCIAL AND PERSONAL.

Items of Interest About Topeks People Yesterday at noon, Mr. John Sargent of this city and Miss Grace Churchill, were united in marriage at the home of the bride in Kansas City, Kas.

The ceremony was more than usually impressive and the bridal chorus from "Lohengrin" was sung by three small maidens dressed in white led by the bride's little brother, as the bride and groom entered the parlor and took their places in a bay window banked with palms. Rev. Dr. Bachus repeated solemn ring service, and after the usual congratulations a wedding breakfast was served in the dining room. The table was laid entirely in white and an epergue of ferns formed an exquisite center piece, while carnations and ferns were dropped at

careless intervals upon the cloth.

The bride's gown's was exceedingly simple, of white china silk, made high in the neck and the yoke outlined with lillies of the valley. She wore white satin slippers and suede gloves and car-ried a bouquet of lillies of the valley. She is a charming girl and lived in Topeka several years ago, and Mr. Sar-gent is a son of John R. Besides this, the ice cream was served in tin cups, which were retained as souvenirs. Cards and music were the pastimes of the evening, and the hostess was assisted by Mrs. A. Washburn, Misses Mabel Canniff and Viola White. Among the guests were Messrs, and Mesdames James A. Troutman, H. E. Overholt, J. E. McLeod, H. M. Washburn, R. L. Nesbaum, John Gordon, Mrs. A. B. Noted Women Arrive in the City Today-The Meeting Tonight. Tonight at Hamilton hall will be held the first of a series of rallies in the inter-

ests of equal suffrage. It is the aim of the meetings to win new converts to the cause of female suffrage, and to this end six of the most noted speakers on this subject in the country have been provided by the local suffragists.

Among the out-of-town speakers are Susan B. Anthony, Laura M. Johns, Car-rie Lane Chapman Catt, Helen M. Kim-ber, Rachel L. Child, Mrs. Theresa Jenkins, Anna Shaw and Annie L. Diggs. All of these speakers with the exception of the last two arrived in Topeka this noon on the Union Pacific train from the east. Mrs. Shaw and Mrs. Diggs are ex-

The meeting which begins tonight will continue through tomorrow. It is a county rally, and is intended to reach all of Shawnee. A great many farmers and their wives, as well as other out oftown people are expected.

At the session tonight the Alhambra mandolin club will give several selec-tions and Rev. F. M. Porch will offer prayer. Then James Willis Gleed and Mrs. Emma Pack will each offer an address of welcome. Mrs. Pack is the matron at the insane asylum and editress of the "Farmer's Wife." Laura M. Johns will reply to the address of welcome, and she will be followed by the two principal speakers of the occasion, Miss Susan B. Anthony and Carrie Lane Chapman Catt.

Tomorrow morning there will be a business meeting followed by a general discussion led by Mrs. Bina A. Otis, president of the Women's Progressive Political league. There will also be an address by Helen Kimber and short talks by Miss Authony, Mrs. Chapman Catt and Mrs. Jenkins.

In the afternoon Rev. Dr. Embree will ask invocation and the speakers will be Rachel L. Child and Annie L. Diggs. Tomorrow night Rev. Mr. Farrand will

MRS, LEASE READY FOR FIGHT.

She Favors the Amendment and Believes It Will Win Despite Craft.

Mrs. Mary E. Lease can not be here to attend the big equal suffrage rally, but she has been interviewed especially on party, never strong in this state, has been rent and disintegrated by its idol, Cleveland. The staiwarts, or staightonts, recognizing how futile would be an effort on their part, are willing to ally themselves with their Republican brethren, between them and whom there is perfeet harmony in everything from finance to whisky, but the other wing of Democracy known as Fusionists have become the political Lazarus of the state, and, lean and ravenous, they wait at the Populist gate for stray crumbs, flies and pitying dogs to lick their sores. On one question, however, the Democrats of whatever shade or condition are fully agreed-their opposition to woman suf-

"The Republican party, long given its day of grace, is marshaling its forces for a most determined struggle. If it profits by the lessons of the past, if it listens to the warning words of its friends, if it relegates the pestiferous and corrupt old barnacles to the rear and declares in favor of the money of the constitution and 'equal rights for all,' it may yet fan the almost extinct coals in its smoldering hearth intolliving flames. If the Populists adopt a suffrage plank the Republicans will be compelled to, and vice versa, but they are cowardly and politic and will not dare to stand for right because it is

"What will the Populist party do? The rank and file of the country people, who are largely in the Populist ranks, are in favor of a suffrage plank in their state platform, as they wish to give their wives and daughters the same privileges that the women of the town and cities are in possession of. Their vote will be cast solidly to strike the word 'male' from the constitution of Kansas. But an unscrupulous set of politicians who have no higher conception of reform and patriotism than holding office and drawing salary are willing to sell the principles of the Populist party for Democratic votes, and to obtain these votes they must oppose woman suffrage and strike at woman whenever possible, for the average woman recognizes that the average Democrat is a foe to home, and freedom, and progress. There is an eternal antagonism between Democracy and human advancement.

"However, a tremendous revolt is in progress all over the state against these boodlers and fusion pirates, who boarded the ship of state for the spoils of office and nailed to the masthead the Democratic ensign while sending to the senate of the United States John Martin, a man whose moral cowardice and recent vote against an investigation of the "sugar steal," is a disgrace to the commonwealth of Kansas. The people are awake and determined, and should the fusionists capture the primaries, as they are now trying to do, they will be defeated at the

and Nothing Else,

AND EASILY UNDERSTOOD.

A Clear and Simple Explanation of the Entire Subject Drawn From Nature.

If we want to learn about this we must study Nature. Let us look at the lower animals. The pig contains more fat in proportion to its weight than any other animal. What food does it eat? Starchy food. It can digest its food. The animals that eat starchy food are the heaviest in the world, as witness the elephant, the rhinoceros, the horse, the steer, etc.

It is well known that people who are too fat are always advised by doctors not to eat starchy food. The reverse is always true. If you want to get fat eat

But digestion. That is often the trouble. Anæmics and dyspeptics cannot properly digest starchy food. It causes pain, eructations and distress. By eating starchy food that has been artificially digested, you can overcome this trouble. Paskola is such a food.

The specialists who first prepared Pas-kola made it of starch because they knew that starch is the only food that fattens, They made it of fruit because fruit is naturally healthy, and because the fruit of which Paskola is prepared, contains

ferments which help to digest other food.
They thought Paskola would be a good food for thin people, but they little thought it would be such a wonderful success as it has become. What it does for one person, always makes ten more buy it. It cures dyspepsia.

If you have the slightest doubt of this

BUYS A BIG TRACT.

A. J. King and Son Purchase the Thacher Ranch for \$20,000.

Mr. A. J. King and son, Horace King, of New York, have been in Kansas several weeks and looking at Kansas farms, with a view of investing.

After extensive examination and personal inspection of farms in several counties they finally selected as best meeting their views the Thacher ranch, on Mission creek. This attractive property is twelve miles southwest of peka. It consists of 880 acres. It com-prises some of the famous Mission Creek bottoms.

The ranch has extensive barns and sheds and is well adapted to the cattle business, to which it is understood Mr. King will devote it.

The most interesting feature of this transaction is that Mr. King is a cash buyer, and Mr. Horace King, the son, who is an experienced cattle man, hav-ing been several years in the cattle business in Utah and Arizona, will make this ranch his home. A new house for his residence will be one of the early improvements.

It is an encouraging symptom to note that eastern men with money and experience are beginning to discover that the rich farming and pasture lands of Kan-sas offer today the best investment that can be found east or west.

Messrs. King paid \$20,000 cash for the ranch. It is safe to say these New Yorkers have made a fortunate purchase. Mr. King is connected with the New York agency of R. G. Dun & Co.

The chief charm of the entertainment given in Steinway Hall last evening, in the presence of a refined audience, in honor of Miss Ellen Beach Yaw, was its simplicity. Miss Yaw, whose sweet face and girlish grace of manner captivated the audience, sang two or three songs with a clear, pure and unaffected style, and had the good sense to respond to re-calls by singing some Scotch ballads with equally good effect.
